AMENDMENT #10 FINAL

Alaska Department of Transportation and Public Facilities
April 2001

Cover Photographs:

Top: McHugh Creek Wayside on the Seward Highway, near Anchorage. The Seward Highway was designated as a National Scenic Byway in 1998, and is being nominated for All-American Road in 2000. The byway is overseen by a unique, multi-disciplinary partnership, including local, state and federal officials, tourism groups, residents and historical societies. Development of the McHugh Creek wayside was initiated as a result of a National Scenic Byways grant. Completed in 1997, this fully accessible facility provides stunning vistas of Turnagain Arm, spotting scopes, natural and historical interpretation, picnic facilities and trailhead access. Credit: Alaska Department of Transportation and Public Facilities, Central Region.

Center: University Avenue-College Road Intersection Improvements, Fairbanks. This project upgraded the intersection, added safety improvements, pedestrian facilities, capacity and reopened a much needed access (Old Nenana Highway) to the University of Alaska Fairbanks. Credit: Alaska Department of Transportation and Public Facilities, Northern Region.

Bottom: The rebuilding of the Canyon Creek bridge near the Hope Wye on the Seward Highway eliminated a serious bottleneck on this important NHS highway. The photo also depicts the trail work done as transportation enhancements completed in combination with the transportation improvement.
